But some play rougher than others. In fact, in one club on the bizarre side of town, the nightlife is so wild it can kill you. Some of the ladies there are relentlessly seductive. And the house drink is blood. So when Keith and A.J. go hunting for frat party strippers, the hunt turns on them. Suddenly, they're up to their necks in trouble. Because these women like nothing better than a warm body on a cold night.

A movie about audience participation.

Some movies touch an audience.

This one grabs it by the throat and stomps the life out of it.

For these are the demons of death. Vicious, bloodthirsty creatures who step from the screen and into your lap. And the worst part is, there's no way out. Unless, of course, you consider death a reasonable alternative.

Their rampage is a bloodbath of orgiastic proportions, all to the killer music of *Billy Idol, Motley Crüe, Pretty Maids, Go West, Accept* and *Saxon.*

But you won't exactly be whistling once you've seen this shocking, brutal gorefest. Because, you see, in *Demons*, only the film remains uncut.

TOM SAVINI: Master of Horror Effects

Take a long look at everything that makes you close your eyes.

Tom Savini has created some of the scariest makeup and most bloodcurdling special effects in horror movie history. And now, Tom explains and demonstrates exactly how he does it in this fascinating, often humorous program.

Fangoria Magazine's Scream Greats takes a close-up look at Tom's greatest, goriest moments. You'll see it all – from splattering shotgun blasts and vicious machete attacks to gruesome flesh-eating zombies. And you'll love every minute of it.

Scream Greats. It's a how-to of Tom Savini's best gory stuff rolled into one great videocassette. Horror film lovers are going to eat it up. So order yours today.

SHORT CIRCUIT

What happens when a robot upgrades itself to human status? An uncomputable number of laughs, that's what.

Starring Ally Sheedy (WARGAMES and THE BREAKFAST CLUB) and Steve Guttenberg (BAD MEDICINE and COCOON), SHORT CIRCUIT is the story of No. 5, a robot who "comes alive" to the dismay of his military masters. How he and his two legitimately human best friends try to thwart the military from literally taking him apart makes for one of the most engaging and entertaining movies you've ever seen.

Now, SHORT CIRCUIT, one of the smash comedy hits of 1986, is available on videocassette from CBS/FOX VIDEO. Which means you can laugh till your circuits overload in the privacy of your own home.

Let your VCR take you to another dimension.

Enter a world unlike any other. A world that exists in the imagination, yet makes believers out of all who experience it.

Created some thirty years ago by the genius of Rod Serling, *The Twilight Zone* remains as the critics described it — "the most imaginative half-hour in TV." It set the standard for all science-fiction to follow.

And now you can visit the place that mesmerized television viewers everywhere. And be mesmerized yourself. *The Twilight Zone.*

Beginning with your first four-episode cassette, you'll be transported to a dimension where an out-of-the-way farmhouse becomes a battlefield as Agnes Moorhead fends off an alien attack in "The Invaders."

Then you'll watch Ed Wynn make the sales pitch of his career to Mr. Death in "One For The Angels." In "The Eye Of The Beholder", you'll travel to a land where the ugly are accepted and the beautiful are damned. And in "The Lonely" starring Jack Warden, you'll see a man's love bring a robot to life.

It's all yours for only $4.95 plus shipping and handling when you subscribe to the series.

Then, about every six weeks, you'll receive another four-episode videocassette featuring a specially selected collection of shows. You'll see Talky Tina menace Telly Savalas in "The Living Doll" and Burgess Meredith survive a nuclear attack in "Time Enough At Last." Each episode is featured exactly as it originally aired—complete and uncut. Plus each cassette arrives in a handsome case exclusively designed for the Collection.

You'll visit *The Twilight Zone* the best way possible too—with no risk. Take 10 days to preview each cassette and pay just $29.95 for each one you decide to keep. There's no minimum to buy and you can cancel your subscription any time.

Cross over to *The Twilight Zone* today. Mail the coupon or for faster service, **call toll-free** (credit card orders only) **1-800-CBS-4804** (in Indiana, call 1-800-742-1200). And prepare yourself to travel to a new horizon.

IN THE TWILIGHT ZONE BEAUTY IS IN THE EYE OF THE BEHOLDER.

Come face to face with a startling new meaning of beauty, one that exists only in *The Twilight Zone.*

Created some thirty years ago by the genius of Rod Serling, *The Twilight Zone* remains as the critics described it—"the most imaginative half hour in TV." It set the standard for all science fiction to follow. And now you can journey to this place that left viewers everywhere mesmerized.

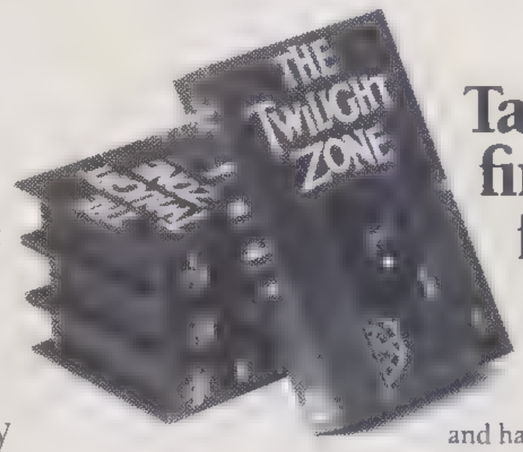
Beginning with your first four-episode cassette, you'll be transported to a dimension where an out-of-the-way farmhouse becomes an alien battlefield for Agnes Moorhead in "The Invaders." Then you'll watch Ed Wynn make the sales pitch of his career to Mr. Death in "One For The Angels." In "The Lonely," starring Jack Warden, you'll see a man's love bring a robot to life. And of course, "The Eye Of The Beholder," which gives a bizarre new twist to an old saying.

Nearly two hours of spellbinding entertainment—yours for only $4.95 plus shipping and handling when you subscribe to the series.

Then, about every four to six weeks you'll receive another four-episode videocassette. With memorable performances like Telly Savalas facing a menacing Talky Tina in "The Living Doll." What's more, you'll view each episode as it originally aired, complete and uncut. Plus each cassette arrives in an exclusively designed matching case.

Your visit to *The Twilight Zone* is risk free, too. Take 10 days to preview each cassette and pay just $29.95 plus shipping and handling for each one you decide to keep. There's no minimum to buy and you can cancel anytime.

Cross over to where fantasy and reality merge. Mail the coupon today or, for faster service, **call toll free 1-800-CBS-4804** (credit card orders only). And prepare to enter *The Twilight Zone.*



Take your first cassette for only $4.95.

BULLIES

THEY HAD TO BE STOPPED BECAUSE THEY STOPPED AT NOTHING.

In the most sedate part of the country lived the most sadistic savages. A clan of backwoods killers who ran the town until they ran into an 18-year-old boy who faced two choices—grow up fast or don't grow up at all. Single-handedly he stands up to the *Bullies* after they brutally assault his mother, stepfather and girlfriend.

Bullies offers edge-of-the-seat excitement from beginning to end. So get ready for some action-packed drama. Just go down to your nearest video retailer and ask for *Bullies*, the powerful new movie that's now available on videocassette from MCA.

They'll Also Be On Your Most Wanted List.

When we say you'll want "Certain Fury," we say it with conviction. ■ Academy Award winners Tatum O'Neal and Irene Cara play two girls from two different worlds. Forced together during someone else's escape attempt, streetwise Scarlet (Tatum O'Neal) forms an unlikely alliance with naive Tracy (Irene Cara). ■ Both go underground to try to escape being hunted by the police. But ultimately, Tracy and Scarlet are chased like animals by their own "friends," especially Rodney (Peter Fonda). Going underground proves as dangerous as showing their faces on the street.

"Certain Fury" is more than certain entertainment. It's positively arresting. Now on videocassette.

The only thing a bounty hunter doesn't waste is time.

"A taut, jagged-edged thriller... spellbinding."
—Patrick Goldstein, Los Angeles Times

RUTGER HAUER
WANTED DEAD OR ALIVE

As the great-grandson of the bounty hunter played by Steve McQueen in the original TV series, Nick Randall (Rutger Hauer, "Ladyhawke" and "The Hitcher") has quite a legend to live up to.

If he lives.

He's got a 9 mm. semiautomatic Uzi that says he will. He's got a maniacal terrorist enemy that hopes he won't. And the CIA hasn't yet decided.

One thing's sure: Nick Randall's the only precisionist capable of eliminating the fanatics threatening America.

And he'll waste no time taking out the trash.
